MARYBOROUGH QLD 4650

Dear Marion,

Thank you most sincerely for your donation of timber to the woodcraft class at the Maisie Kaufmann Learning Centre. To date we have used the timber to build washing trolleys, tables, work benches and numerous small wooden items.

It is wonderful to see the changes in these men as they learn new skills in woodcraft. It has been a slow process, but we are now starting to attract more young men into the classes who used to attend the Special Schools in Maryborough and Hervey Bay. Two young men travel up daily from Hervey Bay to the classes and love every minute of their learning.

Thank you for making a difference in the lives of people with a disability.

Kind regards,

Mathew Naismith and Trevor Collins
